FLUSH TOILETS – THE CLEAN AND HYGIENE WAY – SIMPLY BETTER

HOW TO CONNECT YOUR FLUSH TOILET ON A **MANHOLE**.

1. Remove manhole cover.
2. Place toilet halfway over manhole.
3. Connect 110mm PVC bend and pipe (not supplied) to toilet outlet point.
4. Connect garden hose or 15mm polycop pipe (not supplied) to water connection point from your water supply.
5. Open water supply.

Your toilet is now ready for use.

HOW TO CONNECT YOUR FLUSH TOILET TO A **MUNICIPAL SEWER POINT**.

1. Dig open municipal sewer point.
2. Place toilet along side hole.
3. Connect two 110mm PVC bends and pipes (not supplied) to toilet outlet and municipal sewer point.
4. Cement around 110mm PVC pipe at sewer point to seal.
5. Connect garden hose or 15mm polycop pipe (not supplied) to water connection point from your water supply.
6. Open water supply.

Your toilet is now ready for use.
